

Jawahar Kaliani
**Deputy Chief Information Officer for Application Services
Delivery**

Jawahar Kaliani is the Deputy Chief Information Officer (CIO) for Application Services Delivery (ASD) at the Office of the Comptroller of the Currency (OCC).

In this role, Mr. Kaliani leads the development and implementation of complex applications to deliver secure business solutions that meet the organizational priorities and support the agency's mission of ensuring the safety and soundness of national banks and federal savings associations. He assumed these responsibilities in May 2014.

Mr. Kaliani joined the OCC from Amdocs, Inc., where he served most recently as Vice President of Customer Operations Management leading the development, execution, and delivery of large-scale services and business technology solutions supporting major telecommunications clients who managed more than \$30 billion in annual billing. He has 20 years of experience delivering, building, and managing applications in a managed services environment to meet the goals of industry leaders.

Mr. Kaliani holds an executive MBA from the University of Illinois at Urbana-Champaign, a bachelor of engineering in information technology (IT) and electronics from Veermata Jijabai Technological Institute in Mumbai, India, and a diploma of engineering in IT and electronics from BIT in Mumbai, India.
